
Penetrating sound cuts through crowd noise of all sizes, and carries over a long distance. Tested. Proven. Faultless performance every time. These are the whistles of choice by professional and amateur sport federations worldwide!

Ron Foxcroft built Fox 40 on innovation, quality and trust more than 23 years ago and continues to guide the company by these principles. Since then the name Fox 40 has become synonymous with innovating and producing the best quality, most trusted whistles in the world. And for good reason. Fox 40 Whistles come from real people, real referees, real heritage and real passion. That can’t be duplicated. You expect the best out of your performance, so too you should expect the best from your whistle!

“A well-planned, complete survival kit will help you make it through the toughest situations. Get the sturdiest, loudest, brightest and most obnoxious whistle you can find. My favorites are manufactured by Fox 40.”

~ Les Stroud, Host of Survivorman

[Survival Kits - page 30] “Survive! Essential skills and tactics to get you out of anywhere - alive.”
